

## Where is Roatan, and why go there?

Roatan, like the rest of the Bay Islands, provides visitors with an unspoiled vacation alternative and is said to be much like the eastern Caribbean was before commercialization took place.

The island has an incredible amount to offer guests; superb diving and snorkeling, tours of the island, hiking, kayaking, horseback riding, exploring vast mangrove alleys, pirate history tours, water sports and stunning beaches.

Roatan is a true tropical island with steeply sloping jungle covered hills, long stretches of sandy beaches and beautiful fringing coral reefs. The island is 35 miles long and an average of three miles wide, it lies 40 miles off the north coast of Honduras. Studded with deep water inlets called 'Bights' it has been a safe haven for sailors for centuries, and offers excellent scuba diving.

Roatan's main attraction for the longest time has been the treasures found below the surface of the clear blue Caribbean Sea. Caves and crevices, thousand-foot walls, wrecks, abundant sea life, dolphins, sharks, whale sharks and the largest number of sponges in the Caribbean, makes Roatan, and the Bay Islands, one of the most desirable diving destinations in the world.

# Diving

## Dive Package

- Dive package includes 3 boat dives (1-tank) each day, The dive boats depart at 9:00am, 11:00am, and 2:30pm.
- 1 boat night dive – we will schedule the night for this dive on arrival. If you've never done a night dive before, come give it a try!
- Unlimited shore diving - Shore diving is done right from the beach at the resort. The dive shop will drop-off/pick-up all tanks/weights/gear from the beach. You can also choose to do a night dive from shore; again the dive shop will take care of all tanks and gear.
- Gear lockers are available at the dive center.
- You are welcome to dive as much or as little as you like.

## Dive Sites

Roatan offers some of the best diving in the Caribbean. There are about 132 dive sites on Roatan, and include wall, rock and reef dives. Roatan is famous for its wall diving sites and excellent variety of marine life. It has been estimated that you can see 90% of all the marine life in the Caribbean in Roatan. There is something for everyone no matter what your skill level. Some of the most popular include:

- The Odessey (wreck)
- Mary's Place
- Prince Albert (wreck)
- Half Moon Bay Wall

Water temperatures are typically in the low 80Fs. Visibility can reach 100 feet and beyond on good days at some sites, but the norm is usually 50 to 80 feet.
